LUSAT INVESTMENTS LIMITED

Recruitment Recommendations & Expression of Interest

Building a multidisciplinary team to support innovation, sustainable development and Zambia's economic transformation.

Recruitment strategy

Based on LUSAT Investments Limited's business activities and strategic direction, the company will build a talent pool across engineering, renewable energy, technology, agriculture, environmental services, business development and administration.

LUSAT's areas of interest include hydrokinetic power generation, solar energy, artificial intelligence (AI), the Internet of Things (IoT), smart energy management, climate-resilient agriculture and environmental consulting. These activities require a multidisciplinary team with the technical expertise and commercial capability to develop, deliver and manage projects.
